PRODUCTION UNTIL STORAGE INCREASE

Oil production in the three great fields of Los Angeles and Orange counties is to be curtailed 30 per cent for the next four onths. This decision was reached last night by 400 producers, pipe-line operators and drillers, meeting at the Alexandria, with only two dissenting votes. The meeting was called by the Chamber of Mines and Oil.

CAUSE OF APPEALS

It is because of this that the transportation companies make their appeals to shippers, associations of shippers, chambers of sommerce and business organizations generally to use their utmost indeavors to the end that car novements be expedited and that condings and unloadings be accomplished without delay.

If President Harding on his restern tour, in whatever discussion he may think advisable of the aliroad question, should bring hese facts home to his auditors, he will be doing what all students of railroad affairs, save those who lated the same political theory to exploit, agree is admirable missionity work.

Of course, there is an indirect

lown" in this exceptional year, if down" in this exceptional year, if car shortages in whe agricultural districts are common in the crop districts, there will be evidences that will be emphiasized and exag-gerated in Congress by the prope-nents of government ownership to prove that private ownership and private operation of the railroads is a failure. To this extent, then, the campaign for increased effi-ciency now being waged by the railroad executives has a political aspect.

Vernon but the sealing wax on the pastime in the seventh, when Murphy walked, Bodie sacrificed and Rod rambled in on Schneider's right-field single. Mollwitz made it interestingly tight with a homer over the left-field fence in eighth but as Fred had bases all to himself it lacked one of being enough. Pick fired a parting shot in the ninth, beating out an infield hif. He reached second with two out, and as on the day before the tying run was en that base when the curtain came down.

There may be an argument before the season is over whether the Sait Lake or the Sacramento hosses are the hetter traders.

And, incidentally, this debate has nothing to do with the swap in which the Bees gave Paddy Siglin in exchange for Pearce and Sheehan. That was a dicker which left both parties to the agreement satisfied, and as long as they remain satisfied it must be regarded as a fifty-fifty transaction.

But herewith we are speaking of the major league dealings of these two clubs.
Salt Lake traded Heinie Sand to the Phillies, receiving therefor Peters, Leslie, Singleton and Jimmy Santh. Likewise some coin of the realm. Smith didn't report, but still is the property of Salt Lake, and available for selling or trading purposes. Those who saw Peters and Leslie in action believe either of them of greater value to the club than Sand. Peters, by the end of the third week, was leading the league in hitting. He is apwerful and has a fine arm. Should catch nearly every game. Leslie played as fine a first base here as has been seen in many a year, and also hit well. Singleton, a good pitchew as shown by his record, has hardly started.

That is what Salt Lake received for a shortstop who fielded .223 and hit .267. Therefore, the fans after seeing the men received for him in settlon, personenced Messes. Lane and Lewis the best traders in baseball.

But here comes Boston Bill James, assistant to Charley Pick, averying that Sacramento has at least their swapping with the majors, it and actually mesing them

4.12 per game. And for him Sacramento received enough players to just about "make" the team.

Perhaps the majors, as some claim, are victous in their dealings with the mipors, but one, after reviewing these trades, wonders if the majors are not merely simple-minded.

I have received a letter from Judge A. J. Hedding of Milwankee, chairman of the 140-Pound Champiouship Commission, relative to this newly created division. He says in part:

Some will claim that with Some will claim that with welterweights scaling 142 pounds the new 140-pound class creates a distinction without much difference. That when men attain such size a few pounds should cut little fee. However, there is a wider range between the minimum and maximum poundage of these divisions, and the tendency of modern boxing is to reduce these matters to hairline measurements, as indicated when the junior lightweight class, was created.

Perhaps, after all, these are moves in the direction of justice for boxers who did not quite fit any of the existing classes.

But we fear that the cham-

classes.
But we fear that the cham-But we fear that the cham-plouship in the new division will not carry with it much greater value than the junior lightweight and light heavy-weight titles unless it should succeed in developing a really extraordinary man. And a boxer of that type would most certainly, without fear, step outside his class.

SERAPHS SUFFER FROM BAD COLDS

Sandow Griggs had been "laying down" was contained in a telegram received yesterday from Marty Krug by Oscar Reichow, business manager of the Angels. This was in answer to reports that the two players mentioned were dissatisfied and not deliver the that the two players mentioned were dissatisfied and not giving the club their best. In the wire to Reichow, Krug declared such rumors to be without foundation.

He explained that like several other members of the team, Deal and Griggs were suffering from the effects of the cold weather in Seattle last week—Deal with a sore side, and Griggs with a bad back.

Seattle last week—Deal with a sore

START LINCOLN FILM

MAKE HISTORICAL DRAMA AT MAYER STUDIO

By Grace Kingsley The making of the great histor-al film, "Abraham Lincoln," is well under way. Al and Ray Rockett, executive officers of the Rockett Lincoln Film Company, have selected the Louis B. Mayer studio as the workshop for the production of their twelve-reel photo-drama of the life of the naphyto-drama of the life of the national idol. There the great sets of the interior of Ford's Theater at Washington, D. C., and the famous East Room of the White House will be srected, the latter being the largest single interior room ever built for motion pictures. Production of exteriors is now in progress at Sunland, in the mountains near Hollywood, where replicas of the cabin in which Lincoln was born and of the first Lincoln home in Indiana has been crected. The first of these will be removed to the grounds of the Monroe Centennial and Motion Picture Exposition, where it will be installed as an exhibit.

The cost of the Lincoln picture will be practically a coster of the distinguished names appearing in United States bistory during the life of Lincoln, and is so large that the pictures must be cast in relays, as no single character except that of Lincoln carries entirely through it. Even at that, a young actor, Danny Hoy, has been cast to pisy the boylood of Uncoln.

The role of Lincoln has been assumed by George A. Billings, who is very deeply in carnest in his portray. The part is the longest ever written into a script, carrying through from the period of 1830 to 1830 to tional idol. There the great sets

The Writers' Revue, Hollywood's annual banquet of frivolity and entertainment, composed of a va riety of courses, and good-sized portions of harmony, feminine attractiveness and humorous satire on picture life was offered to a brilliant and interested audience last night at Philharmonic Auditorium. It was a starry and exuberant show, with enough scenes to make a Follies fairly green with jealousy, and enough inside information rather extravagantly conveyed, to make a film fan happy.

The production is the second that The Writers-namely the wood" and it has approximately the same theme as a photoplay of that name, which is being made at one of the studios. The book is by Frank Condon and Tom Ger-aghty, and the music by Aubrey Staufter, and lyrics by Alfred Hust-

GIRARD

Southern California's Newest Town 32,000 Acres in Rich San Jernando Valley

In all the history of Southern California there is no development that stands forth as conspicuously as the new town of Girard. Because of its strategic location, its assured future, and its superb investment opportunities, it has been a success from its inception.

The town of Girard is a realization of a dream—the fulfillment of the ideal of far visioned men who have achieved many material successes, among them the famous community of Walnut Park.

Withal Girard property is very moderate in price—some being priced as low as \$675.

These are the men who are responsible for the town of Girard.

CAPITALIZATION

First Mortgage 61/2 % Bonds (this issue) .. 350,000

Reference is hereby made to a letter of Mr. Edwin G. Hart, President of the Company, from which the following salient features are summarized:

THE COMPANY-La Habra Heights Company DEVELOPMENT AND SALES-The prepararhe company—La Habra Heights Company incorporated under the laws of the State of California, originally owned 3653 acres of which there have been sold and deeded 175 acres, and sold under contract 874 acres, all being fertile valley and hill land lying along the north edge of La Habra Valley. The property in question is located north of the boulevard and about two miles east of the city limits of Whittier and less than a mile from limits of Whittier, and less than a mile from the famous Leffingwell Rancho.

the famous Leftingwell Rancho.

SECURITY—These bonds will be secured by first closed mortgage subject only to the exclusion of mineral rights, on the 3478 acres vested in the Company, together with 15,267 shares of stock of La Habra Heights Mutual Water Co., from which system the lands of the company are irrigated; and further secured by deposit with, and assignment to the Trustee of contracts of sale on approximately 874 acres of land of the 3478 acres above mentioned, the said 874 acres were sold under contioned, the said 874 acres were sold under con-tract for a total of \$526,365 and on which con-tracts there still remains due \$350,000.

The assets of the company securing this issue have been appraised for us as follows: Land Contracts secured by

930 acres with water system installed and water stock appurtenant 488,000

present provided with irrigation

DEVELOPMENT AND SALES—The preparation and development of the property for farming and selling small tracts was done under the supervision of the engineering firm of Oimstead & Gillelen, who attested to the feasibility of the plan of development and to the permanency and adequacy of the company's water supply.

The company has enjoyed a ready sale of its property, 1049 acres having been deeded or sold under contract as above stated for a total of \$569,774, or an average of over \$600 per acre, and more than 400 acres have already been planted to citrus fruits, avocados and winter vegetables.

and winter vegetables.

SINKING FUND AND RELEASES—A sinking fund will be provided in the deed of trust whereby 60% of all collections on existing land contracts, and 50% on all future contracts, after allowing 15% in the latter case to cover sales costs, must be deposited with the Trustee for the retirement of bonds of this issue.

the Trustee for the retirement of bonds of this issue.

A carefully drawn release schedule will also be provided; the total of release prices on land and water stock aggregating at least 1½ times the amount of these bonds. The action of the sinking fund and release provisions should result in active retirement of the Issue and consequent increase in equity for remaining outstanding bonds.

PURPOSE OF ISSUE—The purpose of this issue is to pay in full bonded and other indebtedness shortly maturing; to reimburse the company for improvements to the property already made, and to provide funds for carrying on the development program, including concrete lining of reservoirs and laying of additional pipe lines.

producer located on the Jordan Community lease came onto production, it was reported, with a flow estimated at 5000 barrels a day. This flow was facreased until Friday noon, when drillers estimated that the well was making \$600 barrels daily.

Two other producers are located on the Jordan Community property, but both are producing from the shallow sand.

Thompson No. 1 was placed on production by the Shell Company and made, the drillers say, 3000 barrels the first twenty-four hours. The flow increased but little in spite of a heavy pressure. The Thompson holdings are in the northwest portion of the field and are but a few hundred yards from the Four Corners.

BEAUTIFUL HANDS

All hands are more beautiful

when they are wearing Kayser Silk Gloves

The warm days of spring and summer inspire womes-to all manner of pretty feminine devices to keep dainty and attractive. Thousands of them have found that Kayser Silk Gloves keep hands feeling fresh and cool. There is not too much weight for warmth, nor too much fineness for service, but enough of both for protection and beauty.

Daintiness

Gloves, like linen, should be fresh and spotless. Kay-ser Silk Gloves can be washed as easily, as success-fully and as often as your hands—lukewarm water, mild soap, gentle rubbing, careful rinsing, and they become as fresh as new.

Look for the name Kayser to insure getting the best in gloves, underwear, and hosiery.

The Vegetable Compound is a splendid medicine for women. It relieves the troubles which cause such symptoms as backache, painful times, irregularity, tired and worn-out feelings and nervousness. This is shown again and again by such letters as Mrs. Rebinson writes as well as by one woman telling another. These women know what it did for them. It is surely worth your trial. Pittsburg Man Believes
Depression Unlikely Because of Diversification

Because of Diversification

Because of her diversified industries Los Angeles is in a better position industrially than either position industrially than either position industrially than either position industrial activities for the Westinghouse Electric and Manufacturing Company of Pittsburg. declared last night, before leaving for the East.

Mr. Curtin has just completed a survey of Los Angeles industrial conditions. He expressed as maxement at the city's growth since his last visit here two years ago.

"Los Angeles is unique in her industrial position, and can be likehed in a very intimate way to New York City." he said. "It seems that through her diversified industries, Los Angeles has built up for herself an insurance against a slump or even real depression. This cannot help but improve labor conditions, and stabilize the city industrially."

For a number of years the Turks and the French were quasi-allies in the Near East. The French supplied the Turks with military equipment for their drive against the Greeks last September in Asia Minor, and the French had been counting on the Turks to maintain a friendly attitude.

It appears, however, that the Moslem agitation to recover the lost Mohammedan territory has proved stronger than the feeltoward the French for their A DVERTISING PAYS

It is a modest little work and retails for 20,500 marks. In addition, it is highly important, because it shows that the Gorman mind has returned to a keen interest in military matters and hecause it furnishes unusual-sidelights on the strange administrative machinery with which it was sought to dominate the world.

Gen. Von Kull was chief of staff to Gen. Von Kluck when the latter commanded the right wing in its famous swing toward Paris in 1914. He is probably the ablest strategist produced by Gormany since Von Moltke. He it was who, when Rupprecht of Bavaris had mussed up the German plans, was called in to try to untangle the eituation on the western front. He might have succeeded but for the most of the Gorman leaders have already resorted to that sacient and futile device. If, as one who had been a powerful but nevertheless a subordinate figure, he had attempted to dwell upon the tactical errors of Hindenburg and Ludendorff, he would inevitably have placed himself to dwell upon the tactical errors of Hindenburg and Ludendorff, he would inevitably have placed himself to the test of himself to the might have a succeeded the strength to keep his military men begin to undermine the executive authority, with the result that the world strategy became unsettled sand in the end the military men begin to undermine the executive authority, with the result that the world strategy became unsettled sand in the end the field strategy, on which international development. ficer in the California Drilling Company and the Northern Petroleum Company. The others are Claude Ramsey, Benjamin Sears, Lee Moore and Grady Ramsey, Gilbraith was arraigned before Justice H. Parker Wood shortly after his arrest and was released on his own recognizance. His hearing was set for May 11.

The arrests were made by Deputies Bell, Conly and Dewar. They said that they had followed a car seen frequently in the Santa-Fe and Signal Hill fields and had found the machine in Ramsey's garage. In the car, they said, they found twenty tool joints which are believed to have been stolen.

The investigation into the activities of the asserted band began more than two months ago, when the Standard Oil Company resported that it had lost thousands of dollars through the operations of the thieves. Two months ago, official of the oil company reported forty tool joints valued at \$55 each were stolen and the twenty recovered yesterday are believed to be part of this plunder.

Gilbraith is charged with receiving stolen property. It is the belief of the authorities that the members of the band stole the tools from other weils and sold them to Gilbraith at reduced prices.

Vote YES on Santa Fe Harbor Line Franchise

(Proposition No. 7)

By the printed argument, mailed to the voters with the sample ballot against the adoption of the ordinance granting to the Santa Fe a fram chise to construct a line of railroad to the harbor across four (4) stress and, for a short distance, along one street in the Harbor District, the opponents of the franchise would, by unfair tactics, have it appear that oposed line will cross a large number of im along Slauson Avenue. The argument is entirely misleading.

The only streets in the City of Los Angeles to be crossed by the lim covered by the franchise are situated in the Harbor District, 18 or miles from Slauson Avenue.

The Santa Fe owns and operates, and, for a great many years, he owned and operated on its own right of way a line of railroad along contiguous to, but entirely outside of Slauson Avenue, which line a ready crosses the streets shown on the map incorporated in the above mentioned printed argument. The franchise gives to the Railway pany no new or additional rights or privileges in so far as such cro are concerned. There will not be an additional crossing created along Slauson Avenue, or elsewhere in the City of Los Angeles, except those the Harbor District.

Considering the concessions made by the Santa Fe, all of which incorporated in the franchise, railroad crossing conditions along son Avenue will, after the extension of its line to the harbor, be rially improved over present conditions; whatever danger or dela such crossings may now exist will be diminished rather than en

And in this connection it will be of interest to the voters to that the Santa Fe is to expend over \$600,000.00 in separating the at crossings between El Segundo and the Harbor, the points be which the new line is to be constructed, a distance of only about 12 This record is unequaled by any other railroad in the State of Califo

Further, the Santa Fe has agreed, and the ordinance so re that it will separate the grade of its proposed line and the grade of main thoroughfares hereafter extended across such line in the City Los Angeles.

the Arroyo to the commercial rock crushers. Councilman Sparks's successful battle for the repeal of the dog-muzzling ordinance and his vote against the Pershing Square pigeon removal ordinance have also brought him much support, the Councilman believes.

President Criswell of the City Council, who was high man among the Councilman candidates at the election two years ago, will be among the leaders again this year, it is believed. He is addressing improvement associations throughout the city, and has been enthusiastically received at all of the meetings, such as the gatherings he addressed in the Biltmore Heights, El Sereno and Rose Hill sections.

backs a tax can count on a hearing the taxpayers and a reasonable newspaper publicity. The suggestion a Cabinet meeting, in a Treasury statement, in a chance phrase of a Smoot, of the Senate Finance recates any move to change the next session of Congress, and the Times favors giving the present revre time to find itself, many newsnclined to think that the Senator is to be a merry time when the next Congress meets in December," gleefully exclaims a progressive Kansas paper, and an Ohio Democratic paper foresees "a bitter controversy over tax revision

at the next session of Congress."
In THE LITERARY DIGEST this week, April 28th issue, new taxation suggestions that have been advanced are explained, comments on the proposals of various groups in and out of Congress are presented, and the probable effect upon the people of any change in present taxation plans is pointed out. Indorsement from prominent business men of Mayor Cryer's administration and pledging their support for his re-election continue to be received in large numbers at the Cryer campaign head-quarters at the Angelus Hotel. W. W. Minas wrote:

"The present high moral tone and business efficiency of the administrative city government is an invaluable asset to Los Angeles. People do not, as a rule, think of the value in dollars and cents to a city of a million people of a clean, efficient administration.

"The business growth of Los Angeles and strong record in the city government will make him a valuable, efficient Councilman, as he was when he was president of the City council, and a candidate for re-election, is of course, the reason for the continued prosperity Los Angeles has enjoyed.

"Though Los Angeles has grown by leaps and bounds and city departments have been overtaxed, the city administration under the leadership of Mayor Cryer, and through honest and continuous effort, has met conditions in a very for Councilman Sparks's consistent fort, has met conditions in a very content of the commercial rock.

The Citizens' Committee of 10,000 announces that Bert. L. Farmer, Mayoralty candidate, has been indorsed by the members of the Southern California delegation to the Legislature. Dr. Harry L. Carner, president of the Los Angeles County Association of Chiropractors, has also indorsed Mr. Farmer's candidacy.

Dr. Lloyd R. Mace, past-commander of the Disabled War Veterans, yesterday issued a statement strongly indorring the candidacy of Fred Frank for the City Council.

Compaign headquarters for Philip Jacobson, candidate for the City Council, have been opened at 1029 South Broadway Place. William E. Bush is chairman of the Jacobson-for-Council campaign committee. Austin O. Martin is treasurer son-for-Council campaign commit-tee, Austin O. Martin is treasurer and Walter I. Lyon is secretary. The committee includes a number of prominent business men, includ-ing many from the motor-car in-dustry. Mr. Jacobson is a Univer-sity of Southern California man, member of the Associated Secre-taries and the Los Angeles Trans-portation Club, and is secretary of the Franchise Motor Carriers' As-sociation.

Change Name

A man appeared before Judge
Crail in Superior Court yesterday, and asked to have his name changed.

"Why do you want it changed?"
asked (the judge.

"Because nobody can pronounce it," explained 'he petitioner. "My wife and children are always complaining, because their new friends can never pronounce our name."

"What is your name!" asked Judge Crail.

"Il write it for you," said the petitioner. He handed the judge a slip of paper.

The judge looked at the slip.

"John Mucciacciaro."

"Try to pronounce it, Your Honor," the man suggested.

Judge Crail it He fired yet a third time. Finally he gave it up.

"Well, you certainly deserve to have your name changed," he said. The name was changed to Mucciaro.

"Mrs. Plummer has put before the world a tremendous idea.

She has taken color for her medium and textiles for her canvas, and she has given to Americans sortething that is as
beautifully modern as it is uniquely ancient, and nothing for
the home or the individual is too practical not to be mede

SAVE SCHOOLS FROM RADICALS

Col. Steadman Tells Crowd of Lurking Dangers

Grant Anniversary Meeting
Scene of Talks

Return to Real Americanism,
Plea of Speakers

Los Angeles must rally to loyal Americans seeking positions on the school board in the spring election if the city schools are to be saved from agitators and propagandists.
Col. John D. Steadman, former president of the school board, declared last night in speaking before a crowd gathered at the Union League Club to celebrate Gen. Grant's birthday.

Col. Steadman, a veteran of the Civil War: Maj. Harely of Wannood made Gen. Grant the man he was, "said the captain.

"God help America if the propa-gandists get control. Lets go home and go to the polls Tuesday and do our duty."

and go to the point lucedy and would uty."

Maj. Ferguson urged that only candidates be supported for the school board who have stood for law and order. He urged social ostracism of radicals as a cure for the teaching of un-American principles, whether if he in the schools or on the public platform or in artist.

"Washington, Lincoln and Grant and the men of their time did not temporize with traitors." he said. Krise, charged with the murder of "When a man spit on a flag or reviied the flag on the public platform they branded him for what by Judge McCornick, Shortly be-

Col. Steadman, a veteran of the Civil War; Maj. Hareld Ferguson, a veteran of the World War; Capt. John D. Fredericks, a veteran of the Spasish-American War, and of the Spasish-American War, and Gen. C. E. Adams, former commander-in-chief of the G.A.R., were the principal speakers at the anniversary celebration.

Maj. Ferguson joined Col. Steadman in denouncing the activities of the propagandists who are seeking to undermine the schools through insidious feach ags.

"A tremendous effort is being made to get control of the schools in Los Angeles by those who do not believe in the principles of our American government," Col. Steadman declared.

ONCE SQUEICHED

"The same insidious propagandists began their agitating a few years ago when I was president of the school board. We sat down on them then and we must do the same thing today.

"That propaganda, it permitted to spread through our schools and destroy are."
